Disability Unscripted: 2020 Candidates on Inclusion & Accessibility **Transcript of Joe Biden: New Castle, NH September 6, 2019** <https://drcnh.org/videos/biden-video-campaign-inclusion-and-accessibility/>

DRC-NH Staff: ... to people with disabilities? Can you talk about how you're going to make your campaign accessible to people with disabilities, and if you're elected how you'll make your administration accessible?

Joe Biden: Across the board. I was one of the people who voted – was very visible with Americans With Disabilities Act. We also should double the amount of money we spend on ID[E]A in schools. Number three, as we bring the middle class back up, everybody has to be included this time, everyone, including people with disabilities. We have to enforce the law to make sure everything... You see what's happening now. They're trying to walk away from the requirements that exist, everything from curb cuts to where the access to vehicle. And this has to change in terms of elections as well - access to polling places.

DRC-NH Staff: Thank you. Thank you so much.
